INTRODUCING!!

ZieglerWorld Shuffleboard Powder

3 Speeds MADE IN THE USA!

Get the most out of your shuffleboard experience with our new table shuffleboard wax! Shuffleboard powder is sometimes called wax, salt, sand or sawdust. It is a mixture of silicone and cornstarch that lets the puck slide smoothly and quickly across the board.

ZieglerWorld offers :

White: Super Fast Speed for 18 to 22 foot tables.

Gold: Fast Speed for 14 to 22 foot tables.

Yellow: Medium Speed for 9 to 12 foot tables.

Shuffleboard Wax/Powder

Triple Crown and Sun-Glo

American Brand Shuffleboard Pucks

A LONGSTANDING SHUFFLEBOARD TRADITION!

Available in both large and medium sizes, these pucks are our most

popular sellers. They are made in the U.S.A. and available in blue and red. Sports enthusiasts will love the ability to change the cap colors. These pucks are the only ones on the market that allow you to screw off the cap and interchange it with ZieglerWorld puck caps. See our selection of colors above.

Shuffleboard powder is used to enable pucks to slide smoothly across the table. It's made from dried silicone beads and ground cornmeal. Shuffleboard powder, or wax, comes in different

ratings of speeds. Faster wax increases speed, sacrificing control. If you find the puck is flying so fast across the field and looks like a blur, try a slower wax.

Shuffleboard Puck Caps

Caps fit ZieglerWorld and American Brand Pucks

Refresh the look of your American brand pucks with new red and blue caps or change the color of your caps completely to any of ZieglerWorld's 21

colors. Our large selection includes all your favorite sports teams colors. Both the American brand and ZieglerWorld brand's are available in medium and large sizes and made in America.

Custom Logo Pucks

Triple Crown Maintenance Kit

Protect your Table and your Investment!

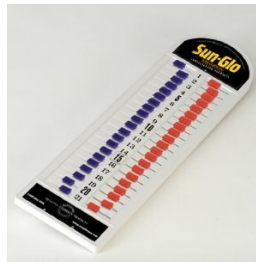

Our Maintenance Kit contains everything you need to keep your table at peak performance. The kit contains cleaner which removes sediment left on the table from play; liquid wax for a protective, even coating and silicone spray which is sprayed on after applying the liquid wax and before applying powdered wax at the beginning of play.

Table Shuffleboard Scoring Units

Keep Score Quickly and Accurately

Your choice of wood, plastic or electronic scoring units. We offer wood abacuses, wall hanging manual scoreboards and electronic scoring units to keep score at your events.

T-Square, Talc Bags and Board Wipes

Accessories for All Tables

Place our unique, one-piece plastic T-square across the table to determine which weight is the lead weight. Our non-scratching board wipe will clean and buff your table, leaving no residue behind and ready for play. ZieglerWorld's talc bag will keep your hands dry and free from sweat during play. Order items individually or as a kit.

Puck Cases

Keep your Pucks/Weights in Pristine Condition!

Our plastic cases have molded handles and come with triple density foam. Plastic fins allow case to stand upright.
